

- YOU'RE THE PROOF -

ZACH SURP

you're the proof

written and photographed by zach surp

you're the proof

how do ya like that?

she said

“the airline lost my suitcase,
can i stay just for a few days?”

that was my plan

in the first place.

how do ya like that?

fill me up girl

yeah, i'm empty

stay as open as i can be

but, i'm learning

when to close-up shop

you're the proof

foolish

...a little careless too

barely even prepared

this evening

when you came down the stairs

this evening

build me up like nothing else
although i think i'm lacking
that feeling when you're laughing

dream come true
you're the proof
deep dark eyes
that's nothing new
now fallow through
whatever you eluded to

subtly excited

maybe i am

subtly excited

failing trying to hide it

like everytime that

my heart has your biased

we'd outshine the brightest

by the time it even hits

decided

frequencies collided

subtly excited

validated

this all just started for fun
lately i think you're the one
so go and take this beyond

tuck n roll

miracle
international
way to go

lost control
tuck n roll
sour soul
overflow

painted gold
velvet cloak
now my line's froze
how'd you know?

on my toes
irrational
corner store
just before
bell your door
third floor
belgian born
melefours

shore to shore
shorty sore
tout le jours
at sacre cours
yawn, i'm bored
cut the cord
(like, ooo snip!)

formulating

too casually upset

told you before

you're the best

missing you

it's something else

won't be gone for too long

but, it's long enough

with your forward thinking
got my mind exaggerated

chill

just me

you

and a blanket

that's how thing's been formulating

celine's reprise

don't just look at me

stare in

deeper

can you see what

i'm holding back?

fascination

wait, no

it's just an act

take two

extract

you've been way too busy

makes sense

her presence brings

the air pressure down

i feel it in my ear

m.i.a. from tainted things

that's the reason why we're here

loose floorboard

make me think

make me lose

make me realize

drifting energetic

flat dynamic

at high-tide

so.....

so what?

telecaster

telling me

“it's not so serious”

hear me

though she can't digest

too many preservatives

talk to me

but, not like that

“okay, zach”

there's a floorboard loose

i can hear it when you step back

fault

it's your fault

cause i'm really

not your type at all

you back it up

so smooth

bit too intellectual

girl, we don't fit

this is obvious

but, it's your fault

cause i'm really not your type

it's your fault

torch me

yea i met her early

on a sunday morning

nice to see you

but, talking's more important

go ahead

sway it

don't hold back

you don't have to listen to me

it's like she was born to torch me

flirtin'

was it really worth it?

rarely ever perfect

when you're the one who's flirtin'

closer again

okay, so listen

maybe this was a bad idea

maybe i say too much

maybe our feelings are different

but, maybe this was meant to be

i feel it when it's silent

like slow motion

no motion

just emotion

you n me

so, let's take this for granted

your eyes are way too deep
and you know i can't swim
but, it's bringing us closer again

yeah. oh

“she's like, um....

it's hard to explain”

took me by surprise

got me mesmerized

cutting all my ties

just to grip those thighs

looking eye to eye

only catch you on the fly

what's this feeling?

why?

no, i'm not your type of guy

deleting fiction

often dismissive

when we're in the kitchen

yeah. oh

beauty inna bubble

now it's less tense
with every one of these lessons

now it's
less tense

expectations
out the window now
nothing's missing
now it's less tense

two very different

new yorkers

somehow found

beauty inna bubble

girl in nikes

who's that girl in nikes?

got me having bad dreams

clueless

absolutely

how you tease me

even those who stare

unaware

taking over nyc

who's that girl in nikes?

inaudible story

even before you ignored me
thought i'd be worthy exploring
it's an inaudible story

SHE
WILL RESPECT
YOU

sense of direction

where do we go

from here?

just point the direction out

give me some direction now

loosen up

yeah, lately

let's be honest

we're beyond it

kinda wish we

could stay on it

no, this ain't working out

you need to stop smirking now

it's not funny
maybe just a bit
got me tangled up
in all of this

but, it's so worth it
way that you've been flirtin'

so let's take
the next step together
but, i ain't talking about marriage
girl, i'm talking about paris

“...wait - what?”

she said
“you better loosen up
if you wanna be
with me”

...makes total sense to me

quick backstory
she's not the typical
girl you'll see
can't ignore it
but she said
i better loosen up
i just hung up

beach bum

i'm here for your

entertainment

even though she speak

a different language

short medusa

hope she finds me attractive

while we're waiting for

this chemical reaction

didn't mean it

i'm hit

it's an emotional flip

each move

further from control

making me look desperate

*is it fact,
or is it fiction?
something's sending her
distant*

*i've been losing my vixen
everytime i turn around*

3am in tokyo

captive

taken me so easy

saying she's

a non-believer

flaunt it

crop-top and

those sneakers

white dude

tank-top

in your speaker

3am in tokyo

i see where you get it from

your mother's daughter

she's fly as fuck

i see where you get it from

she's so cute

just kinda rude

that attitude

irresistible

that's easy

total takeover

that's easy for you

that's easy for you

limitations

even though we're breaking up
as if i weren't phased enough
testing these limitations, but
it still feels good.

happiness is a suitcase

happiness is a suitcase
anticipate your cute face
and that corduroy coat
you love so much

though at times
we've got malfunctions
girl, you know that i still trust it
i've been ready for it
ooo, she's so sensitive
but i've been practicing
i've been ready for this
i've been ready for it
i've been ready for it all
